AVR AGRO

About AVR Agro

- Agriculture food processing Start-up establish in May 2018.
- Technical Capabilities and Expertise: Virgin Coconut Oil, Cold pressed Edible oil, Drying of vegetables and Herbs.
- GST No: 27ABMFA1239N1Z4
- [*fssai*](#) 21522110000064

Vision

To have significant footprint in agriculture processing business, by delivering quality products to customer that imparts healthy and better lifestyle.

Mission

To develop sustainable process and use best available technology in order to deliver quality products preserving its natural goodness.

Why AVR Agro ?

AVR agro bind to provide best quality products with the help of following practises and operating procedures;

- Cold pressed and virgin oils are extracted from best quality raw material
- Start to end process facilities under one roof for production of coconut and other oil.

For e.g. Coconut oil Process: Raw mature coconut de-husking → machine coconut cutting → Coconut grating → electric drying → oil extraction.

Temperature controlled electric Air-Less dryers for coconut drying to obtain better quality.

- Dedicated closed ventilated room for oil extraction and storage for moisture and external dust control.
- Following hygienic and cleanliness practises
